Dedication

May 2, 1942 - September 30, 2000

"His contributions to the school were often behind the scenes, but will be very much missed. People, both past and present, will never forget the great stature of a man not only dedicated to his job, but who was also dedicated to all the students and faculty. He was a very humble man. He would have been surprised by the outpouring of grief and loss felt by his death," said Mrs. Eleanor Osborne.

In his thirty-two years teaching at MHS, Mr. Berry changed countless lives for the better by taking that extra step and helping students by giving them the chance to redeem themselves. Teachers as well as students saw this quality in him.

Mr. Berry graduated MHS in 1960, continued his education at UMass Amherst where he earned a Bachelor of Science degree and was a member of the Sigma Phi Epsilon fraternity. He then began teaching at Bedford High School, before joining the teaching staff at Middleborough High School, where he taught biology and physical education.

He became an administrator at MHS where he served as assistant principal for eighteen years. As a disciplinarian, Mr. Berry affected numerous students in many positive ways. Being sent to the "bullpen" wasn't just to receive a punishment, but also a lesson in life.

For many students, his greatest impact was as a coach. He founded Middleborough's wrestling team and coached for many years on the football staff.

As the days go on there will be less talk, the ribbons will come off, the letterheads will be changed, and incoming students and personnel may have little knowledge of a great man. However, for those who knew him, he will never be forgotten.

His memory will forever be instilled in the countless lives he's touched. Family, colleagues, friends, students, and MHS will never forget the many contributions that he's made in his years at Middleborough High School.

Mr. Berry had an auspicious beginning to his MHS career. In 1957, his classmates elected him treasurer and voted him best looking boy.

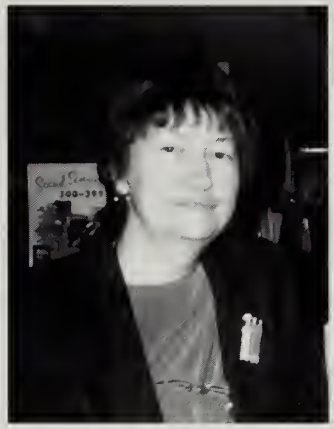
Appreciation

Mrs. Sylvia Cross

Mrs. Alice Desrosiers



Mrs. Gail Twomey

Mrs. Eleanor Osborne

Glancing ahead to next year, many new faces will be among the faculty here at MHS. They will replace many faculty members retiring at the end of the 2000-2001 school year. Four faculty members who have officially announced their retirement are Alice Desrosiers, Eleanor Osbourne, Sylvia Cross, and Gail Twomey. There will also be several more people retiring who have not yet made it official.

Alice Desrosiers has been a MHS faculty member for 32 years. She began as a math teacher and then she became the English Department head where she has remained for 16 years. She has also assisted Eleanor Osbourne in helping out with the Speech & Theatre Workshop productions by helping the actors apply their makeup.

Also from the English Department, Eleanor Osbourne, has been teaching at MHS for 24 years. She not only teaches English classes, but also some of the drama classes at MHS. Mrs. Osbourne has been the advisor for Speech & Theatre Workshop for 23 years, directing and assisting with the productions.

A third English Department member, Sylvia Cross, will also be retiring at the end of the 2000-2001 school year. She has been working at MHS for 26 years. In the last few years, Mrs. Cross has mainly taught MCAS Writing classes, but she has previously taught reading classes and has taught any other class that the English Department needed her for.

Gail Twomey has been a faculty member at MHS for 35 years. When she first began at MHS she taught English classes. She has been a librarian for the past 25 years where she has seen many improvements come to MHS such as the wide use of computers and the world wide web.

These four faculty members, along with the other unannounced retirees, will be greatly missed. Their dedication to MHS has been shown throughout the years. The countless lives that have been touched, whether it be students or other faculty members, will never forget how they've been changed by these teachers.

Turning Points - New Beginnings

Congratulations, Seniors! As Editor of the 2001 Timaron, I have attempted, with the help of my dedicated staff, to capture the turning points and memories that we have all shared throughout our four years at Middleborough High School. These past four years have molded and transformed us, taught us, and helped us to grow. We have shared good times and bad, laughter and tears, and memories that will last a lifetime. High school dances and football games, after school activities and late nights studying for the big test are all in the past. However, we have the memories to cherish as we all go our separate ways.

Now, as we prepare to leave the comfort of the familiarity of MHS and step out into the unknown, I hope that you will take these experiences with you and always remember all that MHS has taught you.

Underclassmen, soon you will be preparing to leave MHS. I hope you realize all the great times and memories you will have to treasure. Learn all you can; because, before you know it, it will all be over.

Morning break - the shortest nine minutes of the day

Ahh . . . morning break, for many MHS students morning break is the greatest part of their day. Morning break is held every day for nine minutes. In these nine minutes students can use the DECA store to grab a bite to eat, or enjoy food from the cafeteria. Many students use the time to look over material one more time before their test, while others take the time to talk to teachers. As for the teachers, break allows them to prepare last minute details and regroup for the rest of the day. But for the majority of MHS students, break is a great time to chat with friends and take a well-deserved mental break.

"I talk to all my girls, so I guess you can say it's the best part of my day."
Patrick Martins

"Praise to the person who thought of morning break."
Stephanie Jones

"There is no other time in the school day when you can just chill with all your friends for a bit."
Alicia Carriero

"Nothing like a breakfast sandwich from the cafeteria to start the day."

Top 5 Trends & Fashions

If you take a look around the halls of MHS, you'd notice a school with a high sense of fashion. Ranging from your average khakis to your punk rocker look, Middleborough High is full of every type of style. This year's Top Five Styles are the hottest around!

1. **PLEATHER**: The hottest thing since cargo pants! This pleather trend seems cool. With its ability to be formal and casual, it is a must have for this year. Pleather is great paired with little tees or big warm sweaters. Either way, MHS students have it paired together perfectly with an A+ in style.

2. **SNAKESKIN**: From bracelets and shoes to pants an handbages, snakeskin is the hippest trend in clothing and accessories. Whether you choose to go big or stay dainty, snakeskin is definitely in. It gives any outfit an added flare perfect for MHS trendspotters.

3. **HAIRDOS**: While guys favor the short and spikey look, girls prefer to wear their hair in a short and layered modern style. With headbands making a huge comeback, girls have it made either way. Guys are also tipping their spikes with permanent or semipermanent hair dye. And girls, highlighting has left the scene - natural is this year's hottest look all around!

4. **PIERCINGS**: Whether they're on your nose, ear, tongue, eyebrow, or secretly hidden in your belly-button, piercings are the hottest and longest running trnd of the millennium.

5. **ON YOUR FEET**: For girls, the 1990 high heel strappy shoe has returned! It's feminine and the perfect touch for those formal events. Along with the clogs, girls are in miles of styles with cool casual footwear, too! Guys are still taking it easy in comfortable kicks and will be for sometime to come!

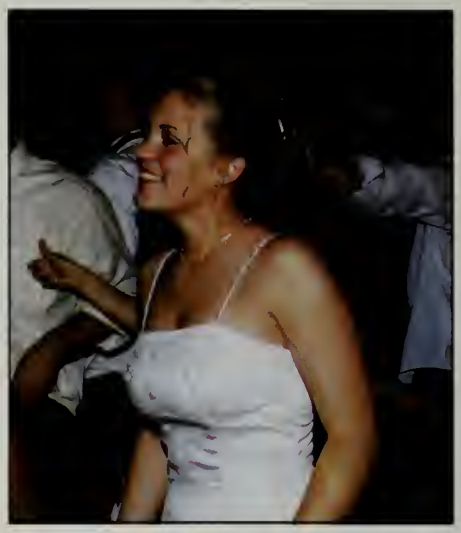
A Mid-Summer's Night Dream
Junior Prom 2000

"Don't cry because it's over; smile because it happened."



It's all a blur now. The night went by so quickly. The spectacular setting at the new town hall with the elegant chandeliers created an enchanting mood. The bombardment of pictures during the grand march and all the elegant dresses mixed with sleek tuxes made it hard not to feel like a celebrity.

We had spent a lot of time preparing for the big night. Girls had spent days, perhaps even weeks, looking for the ideal dress and deciding on the perfect hairdo, all for this one night. Guys were just relieved that the corsage matched her dress and that she didn't stab him with the boutonniere. Nonetheless, we all had a great time.

After the grand march, we all found our tables and waited to be called for dinner. We looked around to see who was with who; and some of us went to have our portrait taken with our date or friends. From that point on there was dancing, and a whole lot of it.

Mr. Dargelis, as usual, was an excellent DJ; and he made it hard for us to stay off our feet. Through fast songs and slow songs we danced the night away, until the big moment ... the announcement of king and queen. No one seemed disappointed in the selection of the lovely Jennie MacPherson and the charming Kenny Koch.

After that, there was more dancing, laughing, and just having fun. Unfortunately, all good things must come to an end. Was there a better way to end the evening than with one last group photo? Well, maybe just one way ... an after prom party!

Freshman Buddy Night

On September 5th, 2000, something great happened at the Middleborough High School. Freshmen and Seniors connected and friendships were made.

All apprehensions of not fitting in and the age gap between 9th and 12th grade were forgotten. As like all Freshmen buddy nights in previous years, incredible things happened.

hand jives, games were played within the groups. It was a lot of fun.

After the games and the ice breakers, the groups of freshmen and seniors went on a grand tour of the high school. After the tours the groups wound down to enjoy a feast of chicken, macaroni salad, soda, and ice cream sandwiches.

"It made me feel more comfortable about going to high school," said Freshman Heather Cuellar.

To start off the night, the freshmen got into their assigned groups and met many different seniors. After a few ice breakers were done, such as songs and

To end the night, Mr. Brooks gave an inspirational speech about what students can make of their future.

Homecoming / Spirit Week

"I love homecoming and spirit week. It really brings the whole school together for a good time." - An MHS Student

On Monday students came to school sporting their worst hairdos for Bad Hair Day.

Tuesday each class worked together to compete against other classes and see which class would accumulate the most hats for Hat Day.

Wednesday was College Day and students came to school wearing attire from their attire from their favorite colleges.

"Students dress up, and teachers dress down" day was on Thursday. That explains itself, however, some students took it to the extreme, and the winner wore a prom dress.

Some students came dressed in orange and black on Friday, Spirit Day. While this would seemingly draw the most participants, many were disappointed at the amount of black and orange worn by students and faculty alike.

Friday night the students from each class stayed late to decorate their floats for the Homecoming parade. Mr. Dargelis kept the night hopping with some music for the students while they worked. Each class came up with their own design theme to show their Sachem Pride.

The Homecoming Parade began at the high school and ended at Battis Field. Leading the way, the MHS band and twirlers shared a float. The seniors followed them with the theme of "Burn the Falcons." The juniors came next with a Halloween theme. The sophomores' theme was "Save the Spirit," and lastly was the freshmen with the theme of "Classic Spirit."

The Homecoming Game followed the parade and the Sachems crushed the Falcons 22 - 8. Playing well for the team was Kevin Avitable with two good runs despite being called back for penalties, and Jeff Barry with an interception for a touchdown. Also, Tim Farrell blocked very well in his return from injury, including opening a key hole on a quarterback sneak from the Carver one yard line.

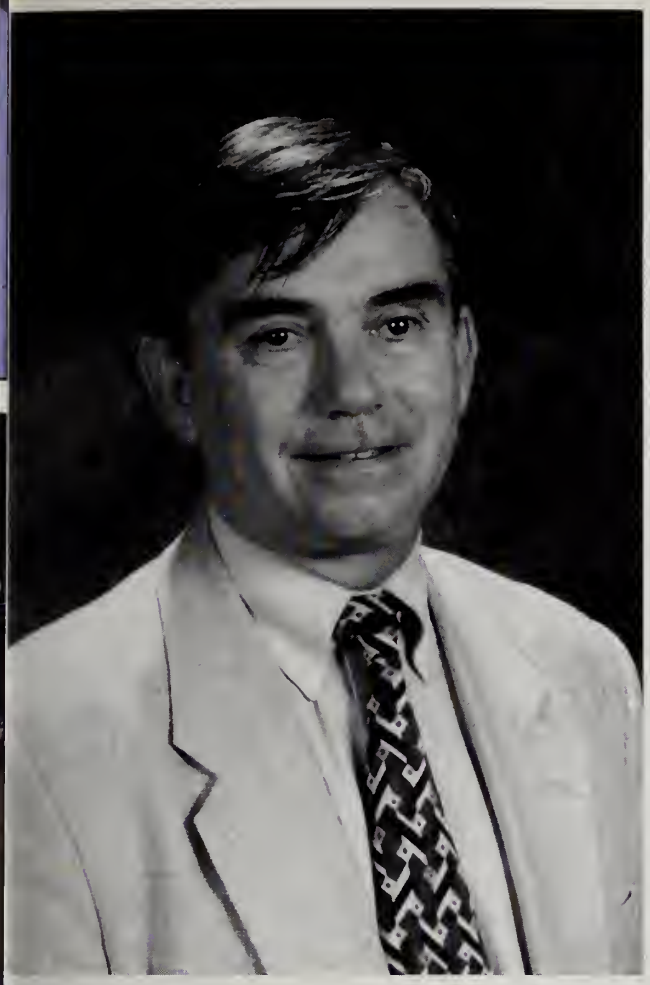
SACHEM SPIRIT



Dear Seniors,

Your years at MHS have prepared you very well to take the next big step in your life. Some of you will continue your formal education by going off to college or technical school. Some of you will enter the workforce and a few will enter the military. One thing has become very clear over the years; you will need to continue to learn no matter what path you take. Being a lifelong learner means that you will always be prepared for change and change will happen rapidly in your lifetime.

Your teachers from the earliest grades take pride in the fact that they played an important role in your successful growth and development. Never lose sight of the goals that you seek and take time each day to enjoy the journey.

Sincerely,

Harvey F. Brooks
Principal

To the class of 2001,

You enter the world at a time of great change. Technology has made worldwide communication much faster and the global community much smaller. No matter where your school or career track takes you, you will only be a phone call, fax or e-mail away from the community that has taught you and that takes a great pride in your accomplishments. When times are difficult you need only to call upon the support system you have built.

Please know that you have been prepared with the knowledge and skills to take on the challenges ahead. You have the support and encouragement of a family and community who believe in you and who believe that there is nothing you cannot accomplish.

We wish you well. Take your place with pride in the world. We hope that no matter where you go you never forget where you came from.

Best wishes for every success in the future.

Sincerely,

Denise M. Walsh
Superintendent of Schools

Work, sweat and peers

the two o'clock bell has rung. Where is everybody going? Well, there are countless answers to this question has, such as work, sports, or after school activities.
Some students have after school jobs where they learn the importance of hard work and the value of a dollar.

Most businesses where students are employed exist within a mile of the high school, Victory Supermarkets, Dairy Queen, Osco Pharmacy, Brooks Pharmacy, and Dunkin' Donuts are just a few. Many students choose to join one or more of the various organizations that MHS has to offer.

They include, but aren't limited to Diversity Coalition, Student Council, Youth & Government, SADD, sports, and (of course) Yearbook.

Although there may not be as many students around MHS during the after school hours those who are, are dedicated, enthusiastic people. Students who participate in after school activities do so to try to stand out from the crowd or just be involved in something they enjoy. MHS students are often surprised by how many activities are offered through the school that they didn't even know about. Students who have been involved with activities after school have only positive feedback to offer and are generally glad they chose to get involved.

ATTITUDE

Seth Thomas

"Memories of Seth" by Auntie Linda

Seth, you were strong, you fought the fight
But God said, "Rest, come toward the light."
In Heaven now God set you free
No cares, no pain, no injury.

God gave you wings so you could fly
Sometimes we want to question "Why?"
For thirteen years were all we had
But God knew best, you're with your dad.

We'll miss your laughter and your smile,
Your baseball games that took awhile,
The snow boarding and sliding,
Wrestling and bike riding,
The bike paths and the jumps you took
You hit them hard, I couldn't look!

Riding on your snowmobile
Up and down on Grandpa's hill.
Pulling cousins on the sled
Sometimes landing on their head.

Hockey was the game you loved
The way you skated, pushed, and shoved.
The penalty box you often saw,
All the goals you used to score.

Shooting bows out on the lawn,
Fishing by the pond at dawn.
Blading uptown summer nights
Along the canal to see the sights.

To Sandwich Beach on Saturday
With Julie, Ry, and Nate you'd play.
To the boardwalk you would go,
Skimboarding when the tides were low.
Mud fights at Crab's Nest were fun,
You would challenge anyone.

The campfires by the river's edge,
The steaks you'd cook from Norma's fridge.
Canoe adventures to the lake,
Pumpkins in the fall they'd take,
So they could carve a scary scene
and light them up on Halloween.

We'll miss that twinkle in your eye
Upon our cheek your kisses "bye."
The great big hugs you'd often give
And in our hearts you'll always live.

So when the snow begins to fly
It's our dear Seth just saying "Hi"
I'm doing fine, I'm with my dad
Don't cry for me, don't be so sad.

"For Heaven is a special place
and when you've run your final race
I'll greet you here at Heaven's door
When Jesus gives you wings to soar,
As Jesus did for Dad and me,
We'll meet you in eternity!"

Shana Owen

I keep my paint brush with me where ever I go in case I need to cover up so the real me doesn't show. I'm afraid to show you me, afraid of what you'll do - that you might laugh or say mean things. I'm afraid I might loose you.

I'd like to remove all my pain coats to show you the real, true me, but I want you to try to understand you need to accept what you see. So if you'll be patient and close your eyes, I'll strip off all my coats real slow. Please understand how much it hurts to let the real me show. Now my coats are stripped off. I feel naked, bear, and cold. And if you'll still love me with all that you see, you are my friend, pure as gold.

I need to save my paint brush, though, and hold it in my hand, I want to keep it handy in case someone doesn't understand. So please protect me, my dear friend, and thanks for loving me true. But please let me keep my paint brush with me until I love me too.

MHS Students Tell About Life as Exchange Students

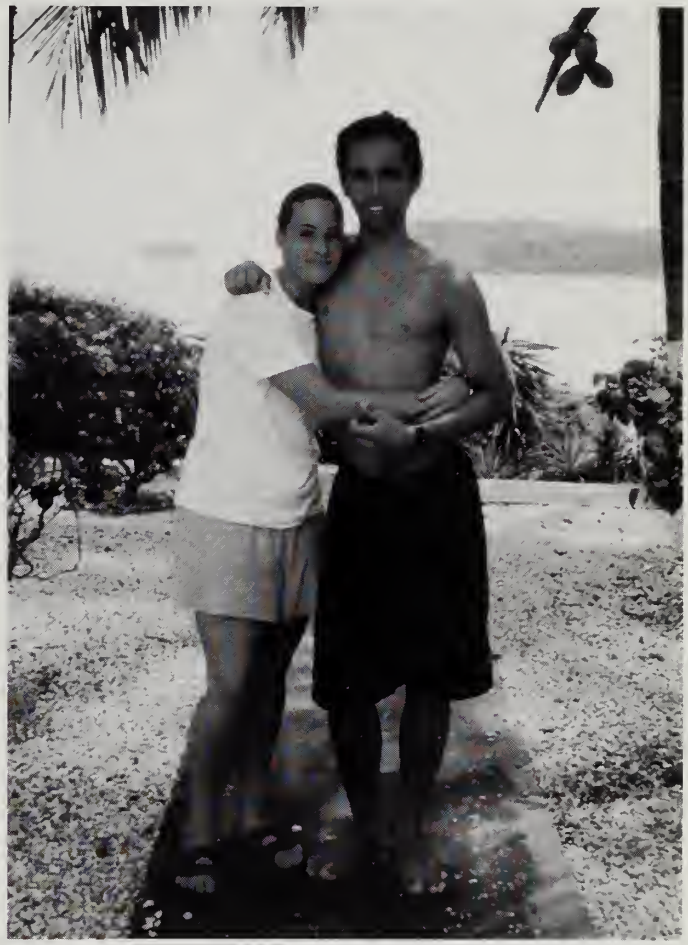
Kristin Jones
Dominican Republic

The best thing I did was called the mañanaita (which means early morning). It was with a group of exchange students. On Christmas Eve, we all went clubbing until about three in the morning. Then we all got into a truck that had a flatbed and joined about 2,000 screaming Dominicans. We drove around the whole city with huge speakers blaring, waking up the whole town. It lasted until about seven in the morning. It was so cool and such a cultural experience. Definitely something I will never forget.

I really miss the food in the Dominican Republic. Rice and beans with platano is so good! I miss my friends: Nuvi, Yandelly, Jin, Juan Carlos, PP, and the list goes on!The sunny weather, of course, I miss. Snow is wrong, it's just wrong. Also, the culture and the latinos. Vivan las Enfermas!

While I was there I really missed fireplaces, eggnog, and some quality milk. I also missed my family and friends.

Layne Sasville
Costa Rica



The coolest thing I did while in Costa Rica was when I got to visit the volcano Arenal. I stayed in a resort called Tabacon and I got to see the volcano erupt. It was the volcano; the topical garden of Eden. It was a one time experience.

What I really miss about Costa Rica was talking in Costellano and dancing salsa. I also miss my host family and Costa Rican friends.

I missed American music a lot while I was away. You don't realize how much the lyrics affect you and relate to your mood. When I got back, it was hard to adjust. I didn't know any of the new songs that my friends were talking about.

True Friendship

A true friend is? / Someone who is there at any moment
They're there when times are bad / Also when times are sad
They're there at happy times too / When you find someone like this
You know that you are loved, and or adored / So when you find this someone in your life
Just be thankful that you have by your side / Even when its their time to cry.
I hope you remember this / Cause I know I will.

Most Unique : Chris Wisdom and Bianca Meleo.

Touch the Moon
I want to touch the moon/ I know what you're thinking,/ "What are you talking about?"/ So I'll tell you again/ I want to touch the moon
I don't know how I'll get there/ I might build a rocket and fly there
Or I'll take an escalator/ Or, perhaps, I'll just find a really long ladder to climb
No matter/ I want to touch the moon
And I will.../ Somehow
gls

Mathematics Department

"Math was fun, then things started to multiply." Alfred Ortelt

A seventeen percent increase in Grade 10 MCAS Mathematics scores between 1998 and 2000 brought a smile to the faces of the members of the Math Department. While the changes in curriculum and instruction have helped students face the challenges that await them in Algebra, pre-Calculus or Calculus, students have welcomed three new teachers in the department.

The department head, Richard Gillis, has been very successful in accommodating the these new teachers, as well as a return to teaching Algebra.

Lisa Foley, a new teacher in the math department, teaches Algebra and pre-Calculus. Mary Jane Omar, another new face in the department, teaches Algebra, Business Math, and Introduction to Computers. The third new teacher, Jim Demers also teaches Algebra.

Among the MHS veterans in the department, Jim Savicki teaches Algebra and Geometry at the honors level. Jeremy Winchell teaches Algebra, Geometry, and honors Senior Calculus. Lonnie Gisetto teaches Honors pre-Calculus and Algebra.

Last year, Mr. Gillis taught the Advanced Placement Calculus AB class, but he has passed the job down to Jeffrey Thompson. This class meets every day for the first semester and then every other day during the second semester. Mr. Thompson has the challenge of preparing students for the AP exam in May.

The math department is quite a team. They work well together and have fun doing it. Walking down the hallways of the third floor, you are sure to see a smiling face from one of these fantastic teachers.

(L-R) Mr. Gisetto, Mr. Winchell, Mr. Demers, Mrs. Omar, Mr. Savicki, Mrs. Foley, Mr. Gillis

Science Department

"Science: The Endless Frontier." - Vannevar Bush

Although many students don't realize it, we have an excellent science department here at MHS. From Integrated Science to AP Biology, there is something for everyone. They're many different areas of science in which students are able to study Biology, Chemistry, Oceanography, and Physics, which are just a few.

Not only does Mrs. Russell do a great job teaching Chemistry, but she also handles the responsibility of leading the department. Another great Chemistry teacher here at MHS is Miss Westgate, who is famous for green goggles and her very unique explanation of the periodical table of elements. Mrs. Dodge does a thorough job of explaining Biology especially when it comes to her AP course. Mr. Nelson shows his skills in and out of the classroom. He teaches Anatomy, Oceanography, and Biology, as well as serving as the J.V. coach for the field hockey and softball teams.

Mr. Battis, who has been missed much of the year due to health problems, also teaches Biology. Our sole Physics teacher, Mr. Bowker, does a terrific job of pounding the principles of potential energy into his students' heads. Last but not least Mr. Harris, with his vast knowledge, teaches many Integrated Science classes.

With the help of all these teachers, students of MHS. have been able to solve complex problems dealing with chemical formulas, DNA, and the velocity of that crazy cannonball. Without these teachers, we'd never know the chemical formula for sulfuric acid. Where would we be in life without that?

English Department

"I cannot divest my appetite of literature" -Walt Whitman

Within the last four years, the English Department curriculum has changed drastically due to the arrival of MCAS testing, which has been deemed an official graduation requirement. Right up until November of 2000, the validity of the test was violently debated and protested against.

To prepare students for the controversial, yet prerequisite, state-wide test, Middleborough has continued to use the John Collins Writing Program, which is directed toward improving the quality of the students' writing, by giving it uniformity in procedure.

Although it is mandatory for each classroom teacher to include the writing system into their curriculum, the effects of John Collins have been most significantly noted in the English classes throughout the school. English is one of the two subjects included in the MCAS testing, and all of the teachers in the department are putting forth extra effort to prepare their students.

An additional class, MCAS Writing, has been added to the department in hopes of achieving school-wide success.

Despite the apparent changes, some things can be expected to stay the same in the Middleborough High School English Department. Mandatory books, such as Animal Farm and Great Expectations for freshmen, A Tale of Two Cities and Julius Ceasar for sophomores, The Scarlet Letter and Walden for juniors, and Beowulf and Hamlet for seniors, continue to be part of the ever growing curriculum.

The English Department is composed of an assortment of teachers. Each is assigned to enlighten students to the beauty of the English language. Whether it be through understanding classic and contemporary literature, being able to utilize grammer and the parts of speech, realizing the importance of public speaking, or successfully conveying thoughts, the impact of the English Department on the lives and futures of its students is indisputable.

History Department

"Learning about the past is less stressful than planning the future." Diane Stewart

"Those who forget the past are doomed to repeat it." The history teachers at M.H.S. have worked hard to make sure that the next generations of people graduating do not make the mistake this famous quote warns against.

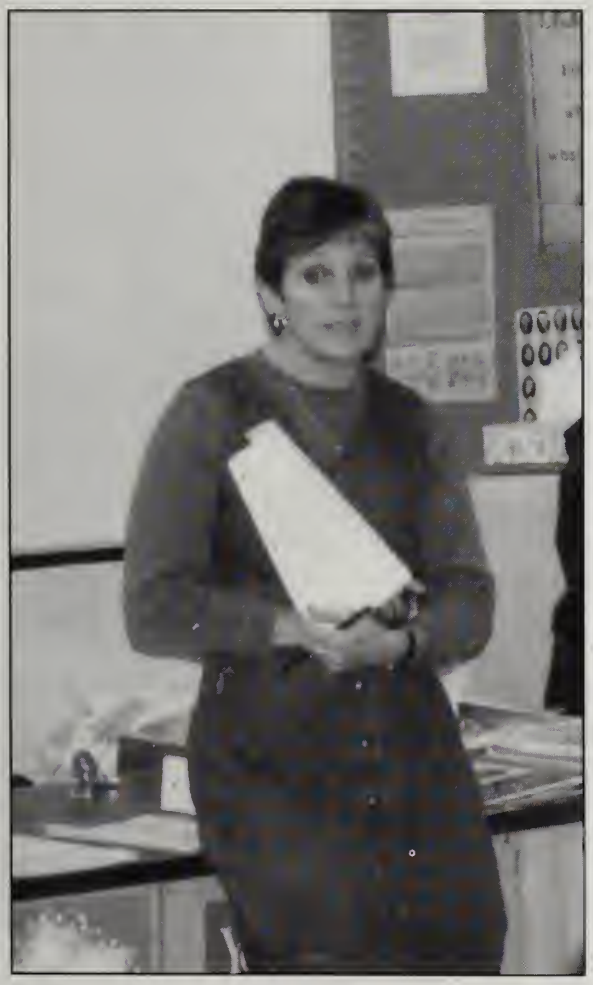
Where would we be if we did not have the knowledge of famous historical events? If no one knew that Columbus landed near the North American continent, would we still be looking for it? If we were not taught our rights that the Constitution grants us, how would we know when and if the government is taking advantage of us?

One transition MHS saw in the History Department this year was the changed position of Department Head. Mr. Bichsel has been the Department Head for the past few years; this year, however, we will no longer see Mr. Bichsel's "Cart o' Stuff" in the halls, because he has graciously passed his position down to Mr. Paul Branagan. Mr. Branagan is also the head of the MHS Student Council, and he teaches Psychology and Social Science Survey.

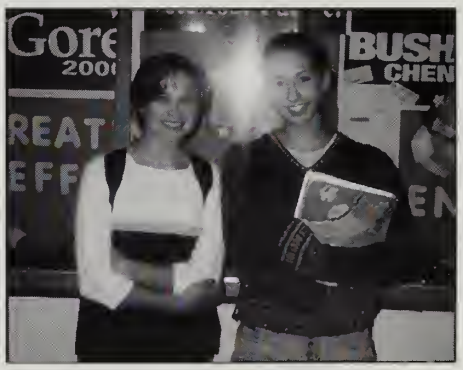
Mrs. McKenna teaches U.S. History, Topics in 20th Century History, and Advanced Placement History. She does a great job of preparing students for the important AP U.S. History Test. Mr. DeFelice also teaches U.S. History, and he did a fantastic job of organizing a Junior Class debate between mock Presidential candidates representing Al Gore and George W. Bush.

Mr. Bichsel teaches the Honors level World History classes and also advises the Model United Nations group. Mr. Howard takes on World History as well as being an advisor for the Youth and Government group. Mrs. Thayer teaches World History, too.

Mrs. Miller is just one more of the greatly needed and appreciated teachers in the History Department.



"I know of no way of judging the future but by the past." - Patrick Henry



Foreign Language Department

The Language Department at MHS provides students with an opportunity to learn the language and culture of another country. The Language Department is composed of Spanish, French, and Russian. Heading the department is Mrs. Oliver and assisting her is Mrs. Brown, Mrs. Ledoux, Mr. Caulkins, and Mr. Michael.

Mrs. Oliver has been the department head for six years. She teaches French I, II, III, and IV. Also teaching French and Spanish are Mrs. Ledoux and Mrs. Brown. Mrs Brown, however, instructs the Spanish III and IV classes while Mr. Cailkins, new to the staff this year, only teaches Spanish. Solely teaching Russian is Mr. Michael.

Robert Caulkins, Bernice Ledoux, Diane Brown, James Michael, Donna Oliver, Department Head, are always ready to teach!

Gym - what a wonderful, non-stressful class! In class you can expect a full workout. You will be a part of many sports inside the gym as well as outside. Inside, you will learn about physical fitness and square dancing, play hockey, basketball, Adventure Games, and something new: Tae-bo workout tapes. Outside, you'll participate in soccer, football, orienteering, golf, and Ultimate Frisbee. Not only will you participate in sports activites, but some of your days will also be spent in the classroom. In the classroom, you will learn about CPR, AIDS, HIV, and nutrition. These are just some of the examples of what you are in for.

ACTIVITIES

MHS Christian Fellowship

The MHS Christian Fellowship meets weekly for bible study and sponsors various community services projects, such as food drives. They strive to "show God's love in a practical way" by helping the community and school with basic needs. Their motto is "Let us not weary in doing good" Gal. 6:9.

Diversity Coalition

The Diversity Coalition here at Middleborough High School, under the leadership of co-presidents Kristina Coffin and Bianca Meleo, strives to promote tolerance and acceptance among students. Although Middleborough is not the most diverse town, the Diversity Coalition is trying to enhance knowledge of different people around the world and that diversity which is in the community.

Student Council

"Always give yourself permission to be authentic, to be a leader, and the opportunity to rediscover who you truly are." President Terrence Dobrowsky

Every Sunday night, a group of 170 students gather together for a meeting: a meeting of the Student Council. Student Council means many things at MHS. Without Student Council, things like dances, theme days, and other school activities wouldn't be possible. Student Council is also broken into class councils, where things like proms and other "single-class" issues are discussed.

Students are able to participate in conferences held with many other councils across the state. SEMASC (South Eastern Massachusetts Association of Student Councils) and MASC are two main conferences MHS participates in. MHS also has the biggest student council in the state.

Student Council is also involved with many community service projects and organizing fundraisers, with the main focus being building student spirit. Student Council is a great way to get involved in the school's inner working.

"I think that the MHS Student Council is amazing. The amount and combination of people working together to make our school enjoyable is seriously crazy, but it's also awesome because we really make stuff happen." Patty Sorgman, Secretary

"It allows people to gain the quality they'll need later on in life, such as cooperation, communication, and teamwork. The students become role models for other students and take on the role of leaders within the community." Katie Hocking, Vice President

Boys' State

Last year, three students from MHS were choosen to participate in what is known as Boys' State. Boys' State is a week long seminar held at Stonehill College. The students must be sponsored by a member of the American Legion. Jay Oberacker, Steve Norvish, and Terrence Dobrowsky were last year's participants.

The boys stayed at Stonehill College with other boys from Massachusetts and acted in a mock government. They spent many hours debating and acting. The mock government includes everything from local to national levels. Two boys were chosen to be senators and attended Boys' Nation in Washington, D.C.

The three MHS participants attended many workshops that included topics like law, history of government, and the Constitution. "You can't debate that we learned more than we ever thought we could learn about government," said senior Terrence Dobrowsky.

Together this year, members of the club have been working on organizing some new activities to encourage students to make good life decisions. They are planning some of their annual traditions such as National Smoke-Out Week, a non-alcoholic holiday bar, MADD Red Ribbon Day, and the Chain of Life.

PCC

PCC 2000 was a place to grow, a place to learn, and a place to experience new things. For those who didn't attend PCC, it's an uncomprehensible experience. For those who went, it was a life changing event. As director Paul Branagan says, "It's a magical place where people grow to be unbelievable leaders and students. It gives them the opportunity to truly be themselves and maximize their potential."

PCC students live at Bridgewater State College for six weeks and use all campus facilities. PCC has students from all over, with towns including Abington and Mattapoisett. Students are able to enroll in classes such as journalism, theater, or photography. With a wide variety of courses, PCC attracts all types of students. Jared Craig, a sophomore from MHS, won this year's Student Spirit Award. "PCC is one of the best experiences of my life; it really touches everyone who goes," Craig commented.

For many MHS freshmen and sophomores, PCC 2000 prepared them for their next years as high school students. These students became more mature. PCC helped all students who attended and made them leaders of tomorrow.

Peer Mediators and Leaders

Peer Mediation and Peer Leadership are two programs at MHS where students are recognized as leaders and positive role models.

All peer mediators attend a three-day-long seminar, where they learn the skills needed to resolve conflicts and act as positive role models. The students in Peer Mediation teach and model the values set at MHS.

Peer Leadership is a newly credited course containing 66 students. In the class, students learn who leaders are and how to make good decisions. The students also learn how to utilize leadership skills and how to act as postive role models for others.

Peer Leadership is involved in many community projects. In serving the community, the students prepare Thanksgiving baskets for needy families, and serve as mentors at the Burkland School. Along with organizing wiffleball and basketball tournaments, many students take trips to Oakhill Nursing Home.

Peer Mediation and Peer Leadership are exciting programs designed to give students at MHS the opportunity to be positive role models for peers and younger students. They give an opportunity to have a positive impact on the community.

While it was certainly not as cold as the February weather they left behind in Middleborough, this group of students needed to dress warmly when visiting the sites, like the Temple of Aphaia on the island of Aegina.

Boston Globe Drama Festival

"Soviet Snow" Wins First Round at MHS on March 3, 2001

On Saturday March 3, 2001, the seventieth annual Massachusetts High School Drama Festival was held at a very crowded Middleborough High School from 9:00 am to 9:00 pm. Walking into the school, one would have been thoroughly impressed with the MHS main lobby. It was exquisitely decorated with handcrafted posters of each performing act. Schools that participated in this annual event were Franklin High, Durfee High, Falmouth High, West Bridgewater Senior/Middle, Sharon High, Attleborough High, and Middleborough High.

Middleborough High School performed a play called "Soviet Snow" which was amazingly in Russian. The one behind all the teaching of the language was Mr. Michaels. The students enjoyed learning with him for he made their experience fun and worthwhile. It tool the cast only a few weeks to learn the language and master it for their performance.

At the end of the festival, it was time to announce the semi-finalists moving on. Of the seven schools that participated, only three advanced to the next round. Durfee's "Tartuffe," Sharon's "Two Precious Maidens Ridiculed," and Middleborough's "Soviet Snow" were the performances chosen to move on. The semi-finals performances were held at Brahmfield High School in Harvard, Massachusetts. Only seven schools from the Massachusetts High School Drama Guild, Inc. went on to the semi-finals. Three of which were chosen to go on to the final round. Unfortunately, of the chosen ones Middleborough did not place in the finals.

The performance put on by Middleborough High School was a very touching play to watch. "Soviet Snow" took place in Moscow, Russia during the time of Vladimir Lenin, Mikhail Gorbachev, and Boris Yeltsen. Throughout the play, the Russians quarreled with the United States and vice versa. The Russians and the Americans taunted each other for their ways of life. "Soviet Snow" contained acts of violence and shouting. Viewer discretion was advised. Overall, the cast put their all into their touching performance.

Senior Internships

Tammy Cozzone directs students towards the right internship site.

Sean Shoemaker analyzes data amongst a pile of work.

Senior internships provide an opportunity for students to go to a site in order to explore a field of career interest. This program has been at MHS for — years. Students go off campus and work at their internship site for two blocks the entire year. If the student decides that the career they chose isn't for them, then they can switch their internship for the second semester. This program allows students to see if they want to pursue a career in whatever internship field they choose, instead of discovering this later on in college.

Sachem Sentry

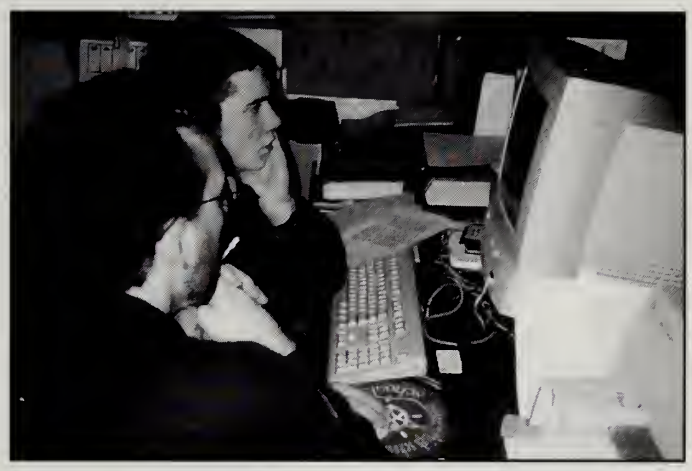
Middleborough High School

The computers seen in these pictures played a major role in the functioning of the staff of the Sachem Sentry. As of March, they published only two issues this year and had a third cancelled due to technical delays.

Despite those technical issues and the ups and down of staff members taking on new responsibilities, there were some milestones and moments to remember. Business managers Carrie Crowell and Dan Darcy solicited enough ads for one issue to actually cover the production costs of the issue containing a Prom Pullout section.

At the Yankee Press Education Network Convention in March, three members of the staff received awards for their efforts in the previous calendar year. Crowell received a second place in the sportswriting category for her story titled, "Spring Weather Dampens Spring Sports" in the May 2000 issue. Editor in Chief Alicia Carriero earned a third place in the double truck design category for her center spread about summer fun in the June 2000 issue. Layout editor John Healey garnered an honorable mention in news photography for a front page picture, also from the June 2000 issues.

Hopefully, those students who continue with the program will take the Sachem Sentry to new levels of award winning excellence in the years to come.



Powder Puff, Bonfire and Pep Rally

On November ??, 2000, the senior and junior girls battled it out in the annual MHS Powder Puff. The game started out very lady-like, but when Kyle Dempsy and Jennie MacPherson collided, the level of intensity rose and each team gave their all.

Both teams had been practicing weeks before the big game and it paid off for the senior girls as they ended the game with an advantage over the juniors.

After the Powder Puff game ended, the lighting of the bonfire started and, with Peirce Playground ablaze, the first outside pep rally began. With relays that included getting dressed and undressed in crazy clothing, an egg-citing egg eating contest and a harmless pudding game that accidently covered the field in chocolate pudding and Terrence Dobrowsky.

The night ended with everyone laughing and seniors crying at their last Pep Rally and freshmen realizing that it was just the beginning of their high school career.

"Both teams put up a really good fight. In the excitement of things, it got a little violent, but no one was really hurt and I think everyone had a good time."
- Senior Bridget Boudreault

"Every year the Seniors cheat to win, but we are so good that next year we won't have to stoop to that level." - Junior Beth Ortelt

Timaron

Everyone enjoys looking through the yearbooks, reading all the quotes, senior write-ups, and atricles. But has anyone ever wondered how it all came together, and who makes it happen?

The yearbook staff works hard every day after school. It doesn't just start and end there, though. Technically, they are working on the yearbook at every moment. Whether taking pictures, writing articles, or coming up with new ideas, yearbook is a never-ending meeting.

In the yearbook office and room, the editors and staff crop the pictures, make the layouts, write the articles, and type the senior write-ups that everyone sees and reads.

Now that you know that people take time out of their day to create a quality momento for everyone, you should have a greater appreciation for it.

ATHLETICS

Boys' Soccer

The boys' soccer team had a rough start due to a new coaching staff and difficulty in blending new, young talent with the veterans.

They opened with two losses to Carver and Hingham, but turned their luck around with a 4-0 win against Scituate. Beginning with this win, the boys were now on their way to the state tournament.

With ten returning players and several new additional players the team had a very good season with a record of five wins, four losses, and nine ties.

The five captains - Justin Pittsley, Josh Smith, Steve Norvish, JP Faherty, and Jeff Hill - were strong leaders helping the team and also starting every game.

Rookie varsity coach, Rob Wiskup, and junior varsity coach Greg Visinho, did a very good job adapting to the Varsity level. Working together, the team has proved successful once again.

Girls' Soccer

The girls' soccer team kicked off their season by winning two games in the first half of the season. They defeated Randolph and they dominated Bristol-Plymouth with a final score of 5-1.

In the second half of the season they again beat Bristol-Plymouth 5-1, however, they stuggled through their season with a final record of three wins, sixteen losses, and one tie.

They started the sesaon with many new players and only a handful of veteran players. "Although we have a young team, we have been overwhelmed with talent," said Alyse Russell, co-captain with Lauren Morse.

It was also said that with a team of twenty-seven they had a difficult time working together, but with every game, they improved.

Coach Tanya Sullivan worked hard to try and mold the team. With the experience that the underclassmen gained this year, the team looks to a brighter season next year.

Field Hockey

As third in the league, the girls' field hockey team was close to making the state tournament, missing by a narrow margin. A tough loss to Hingham was one factor keeping them out of the state tournament. Overall they weren't expected to win many games, but they played well and had one of the best seasons that field hockey has had in awhile. Their final record was four wins, ten losses, and four ties.
They defeated Carver, Plymouth-North, and victoriously defeated Scituate twice.

Coaches Mrs. Pat Freitas (Varsity) and Mr. Scott Nelson (Jr. Varsity), worked hard to make two young teams be as successful as possible. With strong leadership skills by co-captains Katie Hocking and Katie MacAulay, and seniors Jamie Freitas and Stacy Stewart, the team worked well together.

Selected to the field hockey all star team were Jamie Freitas, Kristen Fraiser, Katie MacAulay, and as an alternate Katie Hocking.

Football

The Varsity football team had an arduous season with a record of two wins and seven losses. The season was made extremely difficult because of the number of injuries, notably to the seniors.

Bob Briggs, co-captain with Ken Koch, was not able to play all season due to an injury incurred during the spring.

The captains, along with seniors Josh Pettine, Jeff Barry, and Eric Goyette, showed strong leadership skills throughout the season.

Another factor causing a tough season were the high numbers of underclassmen, nine juniors and fifteen sophomores.

Along with the new players there was a new coaching staff. JV coaches, Joe Perkins and Earl Johnson, and Varsity coaches, Dave Defelice and Darin Morano, joined Coach Norm Tardiff for the 2000 fall season.

One notable win by the team was Homecoming 2000 vs. Mashpee. The Sachems came through to defeat the Falcons with a final score of 22 to 8.

Golf

Continuing the trend from year to year, the golf team has improved from last year's spring season. Their overall record was one win and ten losses, however, they played against some really tough competition.

The golf team was led this year by co-captains Mike Dudek and Frank Gallo, and seniors Justin Cleveland, Jay Oberacker, Chris Ross, and Jennie MacPherson.

Other members who made a strong contribution to the golf team were Mike Fruzzetti, Greg Connors, Brian Burke, Mike Morrison, and Ash Decker. The standouts on the team were seniors Mike Dudek, Frank Gallo, Justin Cleveland, and Jay Oberacker.

Coached by Mr. Joe Callahan, the golf team holds all its practices and hosts all its meets at Heritage Hill Golf Course in Lakeville.

"The team should be a little bit better next year," said junior Brian Burke.

Girls'

"PMA has been really big this season," said co-captain Bridget Boudreault.

Coach Andy Dargelis prepared the girls' team for their strongest season in over twenty years.

The team was led by freshmen, Krystle MacNeill, who had three first place finishes, and Ashly Teed.

Complimenting these runners were Gabi Chestna, Cassie Bethany, Bernadette Lee, and manager Kristin Jones.

"A lot of team unity, and we just went out and had a great time! Positive Mental Attitude all the way!" concurred co-captain Liz Emmons.

Boys'

Co-captains Craig Farley and Chris Leonard led their team through a tough season. With strong team spirit, the team never gave up.

They worked hard and competed well against very challenging competition.

Running for the team were Conor Sullivan, Colin Sullivan, Jake Naujunas, Tom Thorton, Jeff Cunningham, Mike Bethany, and Andrew Remillard.

Girls' Swimming and Diving

Ending the season with a splash, the girls' swim team placed third in Pilgrim Conference with a score of 168 following Duxbury (300) and Sandwich (189). Continuing on to Sectionals was Amy Tubman (diving), Colleen Colarusso (butterfly and medley relay), Kristen O'Brien (medley relay), and Meredith Sweitzer (medley realay).

With a team of twenty-eight, the girls showed off their talent with an overall record of six wins and four loses. Tri-Captains Amy Tubman, Colleen Colarusso, and Kristen Riley, kept the team working together to win as a team, but also to make personal bests.

Coach Everett Clark pushed the team hard to help make it a successful year. With many young swimmers, the team has a good outlook for next season.

Junior Varsity Ice Hockey

First year team shows promise

The Boy's J.V. Hockey team got off to a slippery start losing to Randolph. The Sachems are led by Captains Steve Jones and Mark Main. As of now their team record stands at wins, losses, and ties. For being a brand new team in the MHS winter sports program, the Hockey team has been showing a great amount of potential on the ice. The Bridgewater Ice Arena is home to the team. The team lost their final home game against Whitman-Hanson with the score 4-0.

Chris Campbell, Senior right winger stated, "Going 3-2-1 in our first six games was really inspiring for us, and those first six were what showed the real character of our team. "What's tough about it is that after doing so well right off, we were really held back by illnesses and injuries and it stinks that it shows on our record."

Despite getting up early some mornings for their 5:00 a.m. practice, the players know what to expect because that is just part of the game.

The Sachems can only look forward to next season hoping to improve their team record.

F-B, L-R: (in uniform) Steve Jones, Jason O'Brien, Brendan Thayer, Mark Main, Troy Robbins, Joshua Quackenbush, Jarrod Fleming, Brian Sweeney, Adam Bagdon, Todd Blanchard, Shawn Thayer, Brian Leona, Anthony Vozzella, Eric Gross, Shane Thomas

Susan Nelson returned for her twentieth year to coach the squad. Heather Faria and Susan Spencer were the co-captains for this season. Squad members Heather Faria, Jen Dibari, Marissa Boutin, Noelle Persson, and Nicole Lennon were invited to cheer in the 2001 NFL Pro Bowl through the New England Cheerleading Associtation Camp they attended.

Most of the girls participated in the NECA Camp over the summer, which was instructed by Reggie McCormick.

To Baby Duck - Congratulations on a job well done. I am so proud of you. I love you. - Mama Duck

Congratulations to the many members of the Class of 2001 who have been a part of our lives for the past twelve years. We will never forget the birthday parties (Terry, Joe, and Jennie), the PCC gatherings, the game of Twister (Kenny and Matt), the rainy Junior Prom party, or any of the many impromptu times that you would just stop by to say hello. We wish you all the best that life has to offer wherever life may take you. Stay in touch. - Kyle & Glenn

Nick Kerwin,

We are very proud of what you have accomplished and know that you have the determination and creativity to succeed at anything you want.

Congratulations!!!!! Love, Mom & Dad

Hi, Kelli
Well you finally made it. Congratulations. It was sure a long haul. Good luck in college. We love you. We are very proud of you.
Love, Mom, Dad, & Jenna
Grandma, Denise, & Chet
Keith, Tammy, & Kevin

To Sarah, Nicole, & Bernadette,
Congratulations! You have worked hard to get where you are today and we are proud of you. We love you.
Sa's Mom & Dad

We are open 7 days a week 6:00 A.M. to 10:00 P.M.
